Supply UK Golf Society 2010

Once again we achieved an excellent turn out for our Round 3 event at "The Wallasey Open" 80 players were in attendance. Thank you to all for making the effort. It is safe to say everyone thoroughly enjoyed the day.

As you know, my aim is for the Golf Society Tour to offer us all the opportunity not only to build a strong relationship with our own client base but also to network with our fellow industry peers, while at the same time playing the best golf courses throughout the UK.

Round 2- The Wallasey Open- Friday 23rd July

Congratulations to Jim McGuinness of James McGuinness Services Ltd. Jim played extremely well and scored an impressive 45 points on the day. He openly admits he hit a purple patch from the 1st tee throughout right to the last, playing nothing but irons all day and stormed home with 9 pars and 1 birdie. Jim managed to par the fourth hole par 5 which is stroke index 1, also 3 of the 9 pars he achieved were on 1-5 index holes. So fair play this is excellent form indeed.

Jim's business specialises in the "supply & installation of hygienic walls and ceilings" as well as providing quality trade joiners to the construction industry" email address jpmcguinnessservices@yahoo.co.uk

A big thank you goes to Dave Irving of JDM Contracts in Skelmersdale. Dave acted as society captain for the day and did a great job performing this role. He has been an avid supporter of the Golf Society Tour since day one and has made the effort to attend all three events so far. Well done Dave.

Well done to Match 8 Colin Keane (Bam) Paul Melia (Barlow Decorators) Neil Cooper (WH Snow) Jim McGuinness (James McGuinness Services) winners of the team prize on 145 points. Winner of the nearest to the pin competition Mark Gittins and the longest drive prize Andrew Crichton.

I would like to acknowledge and sincerely thank Trevor (secretary) at Wallasey Golf Club and especially Jacqui (assistant secretary) and Diane (bar/restaurant Manager) for their help and commitment on the day. I appreciate the fact that this was the first time Wallasey had experienced such a big event were players paid upon arrival and I am sure they would admit that once the formalities of making sure everyone is signed in was complete, the day itself went as smooth as clock work. The course itself was magnificent, in my opinion without a shadow of doubt one of the top ten courses throughout England. My favourite hole was the par five 5th along the beach, without doubt a beautiful picturesque hole but very challenging indeed. Obviously the weather conditions on the day certainly helped, we had torrential rain the week leading up to the event and then on the day itself 25 degree sunshine and no wind whatsoever. However, I can truly understand that if you happened to play Wallasey in the wind and rain, then tackling and getting around the course with a half decent score would be a challenge for any golfer.

A special mention has to go out to Mark Harris & Carl Donegan of Building Careers UK. Mark kindly donated £50 American golf vouchers for the Individual medal winner and £25 each for the longest drive and nearest to the pin competitions. Building Careers UK specialise in providing construction based staff to all sectors and offer nationwide coverage. Email address: markharris@buildingcareersuk.com

After two rounds, Jim Hodges the winner of the 1st round @ Dunham Forest in March currently leads the order of merit championship with 81 points. Andy Crichton of SCS is a close 2nd with 78 points. Only 10 points separate the top 5 players so far and just 15 points divide the top 10. Without question I think it is going to be nip & tuck all the way with two rounds remaining, points will be won and lost throughout the leader board.

3rd Round- The Sandiway Open- Friday 01st October

A parkland course in beautiful Cheshire surroundings. Sandiway Golf Club was established in 1920. The very highly-rated 18-hole course is set in mixed heath and woodland and has been developed from the original course designed by Ted Ray, the first Ryder Cup captain. One of the finest golf clubs and one of the highest quality inland golf courses in the region. That opinion is supported by the fact that over the years Sandiway has been singled out to host international, national, regional and local championships. So many, in fact, it would take too much space to list them all. Suffice to say they briefly include the qualifying events for the Open Championship, the Girls' British Open Championship, the PGA Club Professionals' Championship and a number of Cheshire and North-eastern County Championships

Andrew Crichton
Winner of Longest Drive

Mark Gittins
Winner of Nearest to the Pin
